

INTERNATIONAL ASSOCIATION OF FIRE
INVESTIGATORS
Notice of annual meeting

Dear Members and Friends:

On June 15, 2011 we will meet at 3PM for our Annual meeting, election of officers and a dinner that is free to our members. Our speaker for the training portion of the program will be Richard Hoffman a well know metallurgist, scientist, and member of several NFPA programs and committees. He will speak to the question **WHAT CAN A METALURGIST DO TO HELP THE FIRE INVESTIGATOR AND INSURANCE CARRIER?**

This will be my last meeting in which I will be acting as President of the Association. I ask all of you to join me as we continue a long line of professionalism in our work as fire investigators, fire fighters, and safety insurance personnel in a changing world.

The meeting will be held at the Howe Center in Rutland
The order of the meeting is as follows:
Greetings from President Sgt Thomas Williams
Presentation of awards
Presidents report on the state of the Association and his vision for the future
Report of Association Secretary BN CHIEF Terry Francis

ELECTION OF OFFICERS

Any other matters that members want to bring up to the floor
Dinner

Please advise Terry Francis if you plan to attend.

Please note that there are still three tickets left for the Annual Army-Navy football game being held in Washington DC on December 10. If you wish to be a part of this longstanding rivalry contact Michael Lane via e mail investigatorlane@gmail.com.
